

**5-Star Quality Improvement System
Preschool Centers**

Pinellas 5-Star was established to improve the quality of Pinellas' early childhood education programs, to provide parents with an easy-to-use tool to identify and select quality child care programs, and to provide financial incentives and assistance to programs to maintain and/or improve the quality of the services they deliver. Participation in Pinellas and assistance to programs to maintain and/or improve the quality of the services they deliver. Participation in Pinellas 5-Star is voluntary and open to all school readiness providers.

The program's day to day activities are evaluated by trained observers using the Environment rating scale (ERS) which measures program quality in an objective manner. For more information on understanding the Pinellas 5-Star Program and its ratings parents may download the short publication Pinellas 5-Star: A Parent Guide.

Questions about the Pinellas 5-Star Program can be directed to Judy Scott, Pinellas 5-Star Program Administrator, at (727) 547-4254 or jscott@childcarepinellas.org

The "P" in the "Stars" column indicates that the providers are "program participants" and committed to quality improvement and "Star" attainment. The ratings below are generally applicable for the 2007-2008 fiscal year.

FACILITY NAME	STARS	ZIP	FACILITY NAME	STARS	ZIP
